Holiday Programs

Holiday programs at the Australian Institute of Creative Design

AICD has campuses on the Gold Coast and in Brisbane. It offers diploma and certificate courses in Arts and Design, Beauty Therapy, Fashion Business, Fashion Design, Fashion Styling, Interior Design, Make-up and Photography. AICD will be running several holiday programs during September. Visit the [AICD website](#) for details on these events, and to enroll your attendance.

Billy Blue College of Design: A Day in the Life Creative Workshops

Billy Blue College of Design will be holding a free half-day workshop at its Brisbane campus on Saturday 21 September 2019. [Register here](#). The workshop is designed for those interested in a creative career. During the workshop you will be involved in your registered area of interest, meet current students and see what it is like to work in that area. Areas of interest include:

- » Game Art
- » Photography
- » General Design
- » Graphic Design
- » Cloud Computing
- » Game Programming
- » Communication Design
- » 3D Design & Animation
- » Branded Fashion Design
- » Artificial Intelligence
- » Digital Media/ Media Design

USQ: Inspiring Health Two-Day Experience (Years 11 – 12)

The Inspiring Health Experience will be held on Thursday 3 and Friday 4 October from 9.30am - 4.00pm and costs \$50 at the Ipswich campus. It is designed for students with a high interest in the industry and future aspirations to study:

- » Sport and Exercise
- » Paramedicine
- » Nursing
- » Psychology and Counselling

This is an opportunity to engage with USQ academics, current students and industry partners. The experience will outline some of the opportunities and the future needs the industry is facing, and give attendees a chance to experience the industry first-hand. [Click here](#) to register.

USQ: TV & Radio Two-Day Experience (Years 10, 11 & 12)

The USQ Television and Radio Two Day Experience will be held on Monday 23 and Tuesday 24 September from 9.30am - 4.00pm costing \$50 (includes lunch) at their Springfield campus. It is designed for students who are interested in the industry and future aspirations to study a Bachelor of Creative Arts (Film, Television and Radio) or a Bachelor of Communication and Media (Television and Radio). This is an opportunity to

engage with USQ academics, current students and industry partners. The experience will outline some of the opportunities and the future needs the industry is facing, and give students a chance to experience the industry first-hand. [Click here](#) to register.

Women in Defence: Air Force Simulator

Women in Defence invites female students years 10-12 interested in a career in aviation within the ADF to join us for an Air Force Simulator Experience this September school holidays at the Brisbane Airport. This is a unique opportunity where you can experience first hand Air Force simulators and activities whilst talking to current serving Air Force personnel about their career path.

- » Experiences on the 25 & 26th September 9am - 3pm.
- » Email crees50@eq.edu.au to register your interest.

Study

Study a university course in Japan

Nagoya University is recruiting Australian students. The undergraduate programs offered include:

- » Automotive Engineering
- » Physics
- » Chemistry
- » Biological Science
- » Social Science – Law
- » Social Science – Economics
- » Japan-in-Asia Cultural Studies

These full-degree programs are taught in English, so Japanese language proficiency is not required at the time of admission. For further information, [visit the website](#).

Study in New Zealand at the University of Otago

The University of Otago offers a broad range of courses including Commerce, Health Sciences (including Medicine), Humanities and Sciences. Australian students pay the same domestic fees as New Zealand citizens. Click on 'International' on the home page menu of the [website](#) for details about studying at Otago.

Bridging Courses

Students in Year 11 or 12 who have a university course in mind but didn't choose the prerequisite or assumed knowledge subjects at school can gain this knowledge through a bridging program before they start university

- » UQ College delivers intensive university courses to satisfy the prerequisite requirements for Mathematics B, Biology or Chemistry over four weeks in November and December 2019 at the St Lucia Campus. Applications close on Friday 8 November 2019. Visit the [website](#) for more details.
- » QUT offers bridging programs in Mathematics, Chemistry and Physics. Find out more [here](#)
- » You can also do a bridging course through several private providers such as [Hubbard's School](#).

If you have any further questions, please contact [Matt Reid](#)
